In the Town of Chandler, located at: _____

(Address where work is to be done)

Section 1. Regulations and Requirements

1. Minimum size of any structure or pipe culvert shall be 12 inches in diameter, or larger, if it is determined that the volume of drainage requires it. Correct size shall be determined and approved by the Town of Chandler.
2. Specifications for such culvert shall comply with the "Town of Chandler Public Works Design Standards."
3. Minimum length of any pipe culvert shall be 20 feet. Should any additional length be required, it shall be stated on the permit.
4. No used or damaged pipe culvert shall be installed without the written consent of the Town of Chandler. No culvert pipe made of aluminum shall be approved.
5. All surface drainage created by the installation of said entrance/driveway shall be channeled into a drainage ditch and drainage shall not be allowed to flow onto the street(s).
6. No culvert pipe shall be buried across the width of a lot bordering on a Town Street in conjunction with constructing an entrance/driveway unless approved inlets are installed.
7. Any additional requirements or deletions from the above shall be determined on a case by case analysis of each application.
8. The Town of Chandler reserves the right to refer any application to the Town's Planning Commission prior to approval.
9. Application shall include a drawing of the layout of such entrance/driveway drawn to proper scale.
10. Application fee is \$30.
11. Refer to drawing #504 in the Town of Chandler Public Works Design Standards.
